Portfolio: thaocodes.com

PROFILE SUMMARY

I am a passionate and motivated Frontend Developer seeking opportunities to grow in a challenging and fast-paced environment. My main strengths are problem-solving skills, determination, and a commitment to continuously expanding my technical skills through practical learning and collaboration.

EXPERIENCE

PonderSpinners - UX Lead - 2024

<https://www.npmjs.com/package/@holmesdev/ponder-spinners>

React, Styled Components, Storybook, Rollup.js, Github

UI lead in a team of students to develop and publish a reusable NPM package for the community, focusing on a customisable spinner component to enhance user experience. Key contributions included:

- Researched and implemented an optimised spinner component in React using styled components.
- Used Storybook for user interface testing.
- Set up Rollup to bundle and publish the package to NPM for easy deployment.

Social Worker - Launch Housing

2016 - current

- Build and maintain strong relationships with stakeholders, including clients, service providers, and government agencies, to ensure seamless coordination of services and support for individuals experiencing homelessness.
